

LOSING OUR CHILDREN

Will the Role of Parents in our Children's Education Become a Thing of the Past?

“CONFRONTING the COMMON CORE”
Is an educational event
YOU WILL NOT WANT TO MISS!

SNEAK PEEK AT QUESTIONS TO BE ANSWERED

- *How does Common Core put students two years behind international peers?*
- *How do parents, teachers, and states lose ability to change the standards and correct problems?*
- *How will Common Core impact private and home schools?*
- *What if CCSS promotes ideology with which parents and states disagree?*
- *How could our children be harmed by the massive collection of personal, non-academic data which will be permanently stored and shared with federal agencies and vendors?*
- *How have federal laws that protected our students and family privacy been weakened?*
- *Is it true that Common Core funnels students into jobs chosen for them by government and big business – rather than themselves?*
- *Why are children referred to as Human Capital rather than human beings?*
- *What is this revolutionary change in education going to cost taxpayers?*
