

The state school board delayed its vote on Social Studies textbooks until January. Please call school board members and the Governor NOW and tell them to reject these books!

Eagle Forum and Act! for America have reviewed Social Studies textbooks for 2013-2014. They have requested that 12 of these books be rejected due to Islamic propaganda, falsehoods, deceptions and indoctrination in various proportions. Many atrocities committed in the name of Allah are whitewashed. You may be aware that other states have encountered the same problem. Unless State Board of Education members hear from you before their vote, these books will more than likely be approved for use in Alabama classrooms.

PLEASE TAKE JUST A COUPLE OF MINUTES TODAY to call or email your board member and voice your concerns over these biased textbooks. Our children must learn the truth and not politically correct falsehoods. Thank you for your help. It is important!

Textbooks for Rejection:

Discovering Our Past/A History of the World-Early Ages
My World Geography
World History & Geography - Modern Times
My World History - Early Ages
The Americans-Reconstruction to the 21st Century
Ancient Civilizations Through the Renaissance
Discovering World Geography
Ancient World History (Patterns of Interaction)
The Cultural Landscape
My World History (Pro Guide)
Modern World History (Patterns of Interaction)
Geography Teacher's Edition Holt McDougal

Please contact your state school board member and tell him/her to REFUSE to adopt these books.
